HISTORY OF BAFFONE

Once upon a time there was a little man with a thick and curved mustache, known to all as Baffone.
This curious character traveled from his small town to the big city and every time he returned he
brought good news.

"There's a new factory in town, everyone will have work!"

"The war is over, they are free!"

And so, when the children felt sad or discouraged, their parents told them with a smile:

"Don't worry, Baffone will come for you with good news."

Today Baffone has arrived in Florida...

And what's the good news?

That here you can eat good, healthy and affordable food! With authentic Italian cuisine, traditional
recipes and quality ingredients, all prepared with a love that comforts the soul.

Welcome to Baffone, where every dish is good news.
